

## Technical Card

Model No.: F611-3R/3L	Gas: Oxygen & Fuel Gas
-----------------------	------------------------

**Description:**

Flashback arrestor for torch handle

UL listed Conformity with EN ISO 5175-1 and AS 4603

Non flow reverse valve and leaky proof. The integrated flame barrier extinguishes the flashbacks and protects the valve to make sure it works safely even after a flashback.

**Material:**

Body: Brass

Flame Arrestor: steel

**Specification:**

Inlet: 9/16"RH & 9/16"LH

Outlet: 9/16"RH & 9/16"LH

**Maximum working pressure:**

Oxygen 145Psi

Acetylene 15Psi

MPS Gas 22Psi

LP-Gas, Hydrogen, Methane, Natural Gas 50Psi

**Weight:** 0.11KG per piece

**Flow Data:**
